AARP TAX AIDE - Free tax help (federal, state, and local) for taxpayers with low- and middle-income, with special attention to those age 60 and older, will be offered at the Library through the AARP Foundation, in conjunction with the IRS. Volunteers will be available in the Library Program Room (Terrace Level) **every Monday from 10:00 a.m.-1:00 p.m. February 1 through April 12 (except February 15)**. BOOK DISCUSSION FOR ADULTS - Join us on **Saturday, April 17 from 1:30-3:30 p.m.** for a discussion of **Three Cups of Tea: One Man's Mission to Promote Peace...One School at a Time** by Greg Mortenson. After a failed attempt to scale the earth's second highest peak, K2, the author stumbles into an isolated mountain village in Pakistan. Mortenson is sheltered for seven weeks by the village of Korphe; in return, he promised to build the impoverished town's first school. This project has developed into the Central Asia Institute, which has constructed over 50 schools in Pakistan and Afghanistan. Sandy Zagarell of Oberlin College will be the discussion leader.

CHILDREN'S BOOK SALE - A book sale of children's books and materials will be held on **Friday, April 23, and Saturday, April 24, from 10:30 a.m.-4:30 p.m.** in the Library Program Room (Terrace Level). This is a great opportunity to build a collection of books for summer reading! Stop by and check out the great bargains!

THE HISTORY OF PLUM BROOK STATION: FROM THE DEVONIAN TO 1945 - The NASA Plum Brook Station has a remarkable story of many diverse chapters. Local biologist John Blakeman will present an illustrated program on **Wednesday, April 28, at 6:30 p.m.** in the Library Program Room. Blakeman will describe the geological, biological, and human history of the Plum Brook site from the formation of its bedrocks millions of years ago on up to the end of World War II. He will also feature the area's unique natural history, illustrating rare plants and animals, outlining Native American uses of the site, followed with a detailed explanation of European settlement. Finally, the creation and operation of the Plum Brook Ordnance Works, 1941-45, will be detailed. *Registration is requested.
