

6 Accessing the eMagazines

Your magazine is now sent to your NOOK app account. You can find your magazines that you have successfully saved on your Clevnet Periodical History page. To read your magazine, switch over to your NOOK reading app or NOOK tablet.

Magazines that you send to NOOK will stay in your NOOK app account forever (unless you manually remove them). You don't have to worry about returning them to your library, and you'll never be charged for them.

If you get an error when you try to send a periodical to your NOOK app account

If the periodical wasn't successfully sent to your NOOK app account, you'll find it waiting on your Checkouts page (located under your Account on your library's OverDrive website). From here, you can select Re-send to NOOK app to try again, or Clear from Checkouts to remove it from your library account.

Works with most computers, smartphones, & tablets.

All you need is a library card & the FREE NOOK app!

1 Getting Started

Go to the Library homepage and click the **CLEVNET eMedia** image.

OR go to:

<http://dlc.clevnet.org/>

2 Searching for eMagazines

You can search for magazines by name or use the Advanced Search to find all titles in the **NOOK Periodicals** format.

Once you've found a periodical that looks interesting, mouse over it (or tap it, on a mobile device) and select **Send to NOOK app**.

3 Downloading the FREE NOOK App

A pop-up window will open, explaining what happens the first time you send a periodical to the **NOOK app**. Select **Accept to Continue**.

Note: Check **Don't show this message again** if you don't want to see this pop-up every time you get a periodical from your library.

4 Sign In to your Library Account

If you're not already signed into your library account, you'll be prompted to do so now.

If this is your first time getting a **NOOK** periodical, continue to step 5. If you've sent periodicals to your **NOOK app** account before, skip to step 6.

5 Sign Up for your FREE NOOK App account

The first time you send a periodical to your **NOOK app** account, you'll be taken to a Barnes & Noble page to sign into your **NOOK (BN.com)** account. If you don't already have a free **NOOK app** account, you'll be prompted to register for one.

After you've signed into (or created) your **NOOK app** account, select **Grant Access**. This is a one-time step that allows periodicals in your library account to be sent to your **NOOK app** account. **Note:** None of your personal information from your **NOOK app** account will be shared with OverDrive or your library.
